Sir:

Patentee requests that the Director issue a certificate of correction pursuant to 35 U.S.C. § 254 to correct the mistakes identified in the attached SB/44 Form for U.S. Patent No. 7,553,634. Patentee respectfully submits that the mistakes are the fault of the USPTO.

With respect to the omission of a priority reference on the front page of the patent, Patentee provided priority information to the USPTO both in the declaration submitted on December 21, 2001 and on the front page of the international application, which the USPTO has entitled "abstract". Additionally, the notice of acceptance/filing receipt submitted by the USPTO on March 6, 2002 acknowledges the correct priority date of June 25, 1999.

With respect to the correction in column 17, line 24, the correct spelling of "zwiitterionic" was provided in Patentees final submission of the claims on October 11, 2007.

Accordingly, Patentee believes that no fees are required in connection with this submission; however, in the event that any mistakes are determined to be the fault of the Patentee as provided under 35 U.S.C. § 255, or any additional fees are required in connection with this filing, Patentee hereby authorizes the Commissioner to charge such fees to Deposit Account No. 01-1425.

Respectfully submitted,
